PRESS RELEASE

50th anniversary of the Hanover branch **A successful blend of tradition and innovation**

Hanover, 09.06.2023: Kieback&Peter, a leading family-owned building automation company, recently celebrated the 50th anniversary of its branch in Hanover. The celebrations were a resounding success and reflected the proven blend of tradition and innovation that has characterized the company for almost 100 years of existence.

The Hanover branch of Kieback&Peter can look back on an impressive history. Since its foundation in 1973, it has become an important contact point for customers from the region and with almost 40 employees, has realized projects with innovative solutions for building automation and system integration. The anniversary was an opportunity to celebrate these successes.

The anniversary celebrations took place at Königsworth Castle in Hanover in a festive atmosphere that brought together long-standing business partners, the management as well as employees and alumni. The family event offered a great opportunity to look back on the past 50 years, celebrate successes and look to the future together.

Inspiring speeches were held during the event, highlighting the unique spirit of Kieback&Peter. After the welcome of the branch management and greetings from the management, the participants were able to exchange ideas with each other while enjoying music, food and drinks in a lukewarm summer evening atmosphere. Even the smallest members of the family were catered for, with the children's face-painting session enjoying lively participation.

We take responsibility – and will continue to do so in the future

As a company, Kieback&Peter is aware of its responsibility to continue to offer networked and digital solutions and to ensure excellent customer service at over 30 locations throughout Germany. The 50th anniversary of the Hanover branch served as motivation to continue this commitment and to make the next 50 years just as successful.

Kieback&Peter would like to thank all customers, business partners and employees for their support and trust in the company. The anniversary of the Hanover branch marks a milestone in the history of Kieback&Peter and serves as an incentive to continue to strive for excellence and actively shape the future of building automation.

About Kieback&Peter

As a Smart Building Solutioneer, Kieback&Peter GmbH & Co. KG combines intelligent building technology, data-based services and multiple synergy effects to create sustainable solutions. Founded in 1927 in Berlin, the family-owned company with approximately 1,500 employees and 50 locations worldwide thus secures and expands the value of buildings and business models. The result is a real-term gain with regard to climate and health protection, safety, and social participation.

Kieback&Peter takes care of prestigious national and international projects such as the Cube in Berlin, the Charles de Gaulle Airport in Paris and the Mercedes-Benz engine plant in Beijing.
